AGENCY'S DISCUSSION AND ANALYSIS

The "Agency's Discussion and Analysis" section provides agency leadership with an opportunity to comment on internal and external factors affecting the agency's performance in the past year, the agency's current efforts and the associated results (referencing information presented elsewhere in the accountability report), and any plans now under development to introduce additional changes. This passage should not exceed 5 pages, or up to 7 pages when including any charts or graphs.

The South Carolina Conservation Bank was established in 2002 and funding began in 2004. During the ten years of funding the Conservation Bank has conserved, preserved and protected over 214,000 acres of significant natural resource lands, wetlands, historical properties, parks and archeological sites. The average cost in conserving these significant lands averages \$535 per acre. The Conservation Bank has provided funding for numerous projects throughout 43 of the 46 counties within the State. These accomplishments have been reached through partnership efforts between the Conservation Bank and numerous Land Trust Organizations, Non-Profit Organizations, state agencies and private citizens.

The funding provided by the SC Conservation Bank has helped conserve the following:

99,589 acres now available for hunting, fishing, outdoor recreation with public access;

503 acres available for urban parks;

812 acres available for historic sites;

100,905 total acres available for public access

Limited public access easements: 59,808 acres.

76% of the Conservation Bank grants acres have significant public access. 87% of the Conservation Bank funds have been expended on these grants

The Conservation Bank grants have provided public hunting & fishing on private lands including youth hunt opportunities.

The SC Conservation Bank continues to strive toward accomplishing the following objectives as set forth in our Mission Statement and listed on our website.

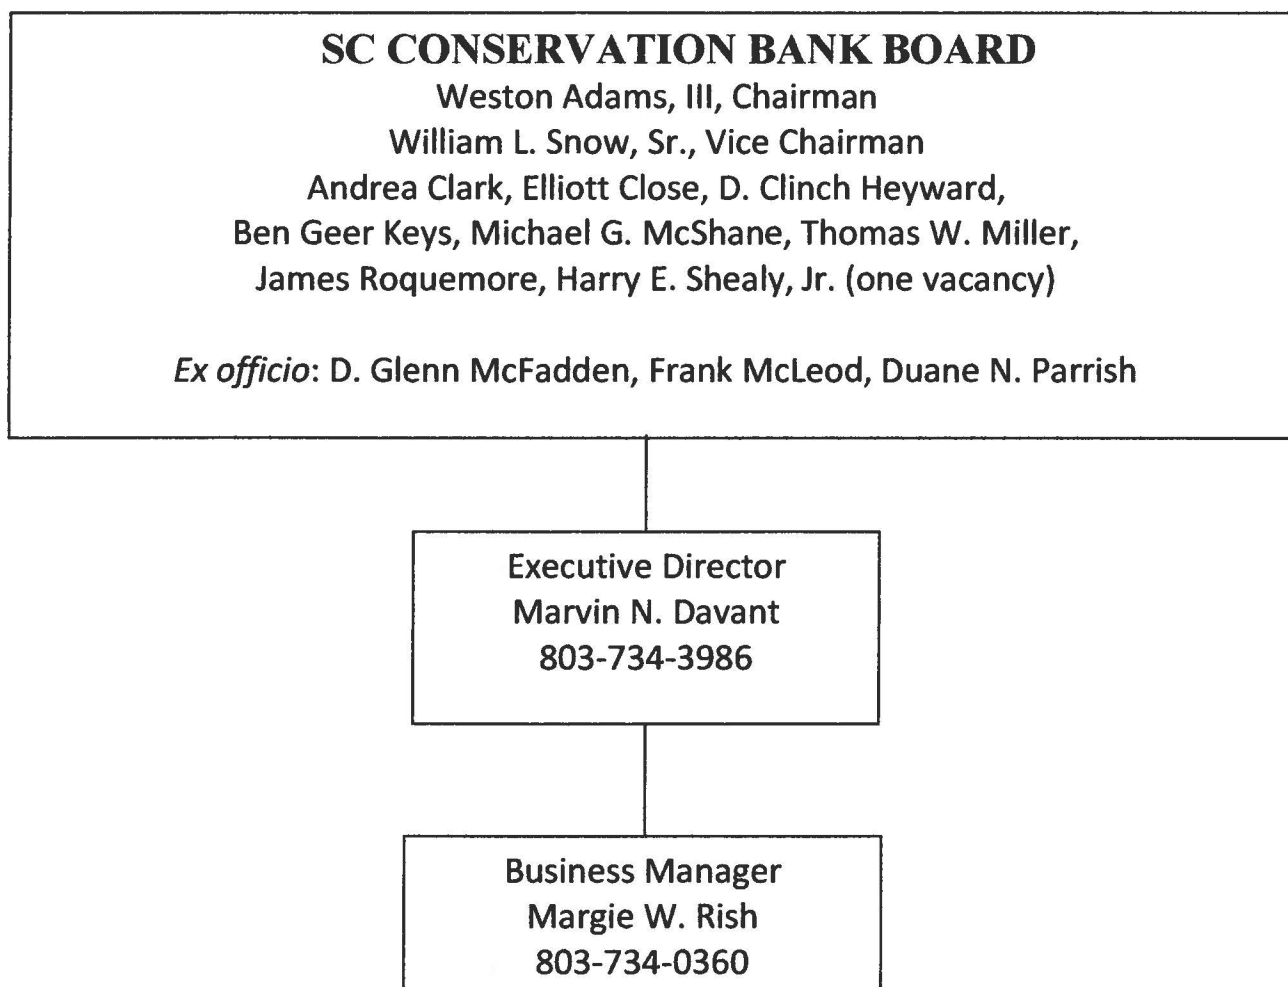

- Protect significant natural resource areas and wildlife habitats
- Protect water quality
- Maintain the State's forest lands
- Protect farmlands, especially family farms
- Protect and enhance the State's natural beauty
- Protect and enhance significant historical and archaeological sites
- Enhance public access for outdoor recreation and preserve traditional uses such as hunting, fishing, and other types of outdoor recreation

AGENCY NAME:	SC CONSERVATION BANK		
AGENCY CODE:	P400	SECTION:	53

- To encourage cooperation and innovative partnerships among landowners, state agencies, municipalities, and non-profit organizations

ORGIZATIONAL STRUCTURE OF THE SC CONSERVATION BANK

The SC Conservation Bank consists of a fourteen member Board with three appointed by the Governor, four appointed by the Speaker of the House of Representatives and four appointed by the President *Pro Tempore* of the Senate. It has two employees, the Executive Director and the Business Manager which carry out the day to day operations of the Conservation Bank following the policies as set by the Board within its statutory mandates in conjunction with review by the Board Chairman. A copy of the organizational is referenced below.

STRATEGIC OPPORTUNITIES & CHALLENGES

Opportunities

1. Because many other states already have similar agencies the Conservation Bank continues to study other states efforts and utilizes their successes and failures
2. The opportunity to partner with other government and private entities having similar goals and objectives.
3. Many large landowners are currently placing large tracts of land on the open market. The window of opportunity to conserve large tracts of land in SC is available now.
4. Conservation and the need for conservation in general, has obtained a more favorable priority view in public awareness.

Challenges

1. Budgeting issues present continuing problems
2. The window of opportunity to conserve large tracts of land that currently exists may be short lived.
3. Section Five of the SC Conservation Bank Act stipulates that if the General Assembly in the annual general appropriations act provides less appropriations than what was provided the previous year to at least half of the state agencies or departments or if the Budget and Control Board orders across the board budget cuts the Conservation Bank will receive no further funding for that fiscal year.
4. The escalating costs of real estate in South Carolina.
5. Budget restrictions and real estate market trends can restrict the amount of funding, reducing the amount of grants the Bank can fund.
